COLLAR TRACKER · PACKING STUDY 0.1

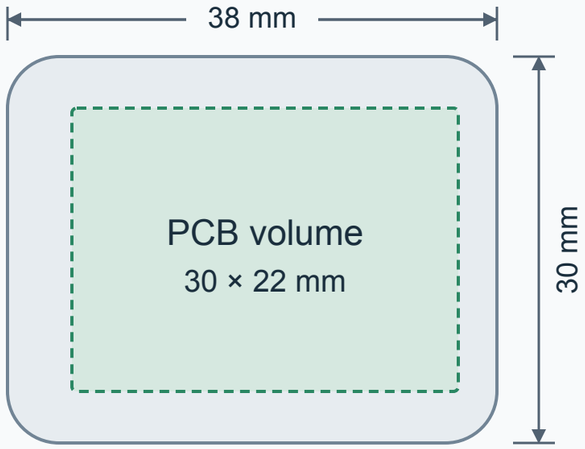

38 × 30 × 14 mm target body

250 mAh example · 14.6 mm with assumed contact protrusion · Collar mount excluded

Exploded view: layers separated for clarity. Image is not to scale.

TOP VIEW · BODY / PCB VOLUME

- **PCB volume**
  30 × 22 × 0.8 mm; no component layout
- **nRF9151**
  12.1 × 11.1 × 1.2 mm package
- **250 mAh example cell**
  32 × 20.5 × 5.3 mm; not selected
- **LTE / GNSS volumes**
  No antennas selected; assumed volumes
- **Heart-rate contact**
  Bottom side; method/sensor unselected
- **Other electronics**
  Aggregate component volume budget
- **Body and lid**
  Assembly and sealing not designed

Checks: reserved volumes do not overlap; solid dummy STL dimensions verified.

Open: actual PCB layout, RF / antennas, sensor contact, runtime and mechanical assembly.
